<b>LITERATURE SURVEY</b>				
<b>TITLE</b>	<b>AUTHOR</b>	<b>METHOD USED</b>	<b>ADVANTAGES</b>	<b>DISADVANTAGES</b>

Exploring mobile news reading interactions for news app personalisation	Marios Constantinides John Dowell David Johnson Sylvain Malacria	As news is increasingly accessed on smartphones and tablets, the need for personalising news app interactions is apparent.	<ul style="list-style-type: none"> <li>• Manage projects. ...</li> <li>• Improve productivity.</li> </ul>	The process and tools than the idea of defect tracking itself. Some organizations use multiple tools to track defects of different types, and those tools often don't integrate well with one another
web tracking-A Literature Review on the State Of Research	Tatiana Ermakova Benjamin fabian	Web tracking seems to become ubiquitous in online business and leads to increased privacy concerns of users.  We first surveyed users' news reading preferences and behaviours; analysis revealed three primary types of reader.	<ul style="list-style-type: none"> <li>• Communicate progress. ...</li> <li>• Understand capacity.</li> </ul>	Complications can arise out of confusion over descriptions, lack of information, tools that are overly cumbersome and require mandatory fields for which the user doesn't have the answers, and difficulty in reporting
Media literature review guideHow to conduct literature review of news Source	Jay Freedman Petri X		<ul style="list-style-type: none"> <li>• Improve profitability. ...</li> <li>• Assess client value</li> </ul>	Sometimes the process overhead required to open a bug is more time consuming than simply fixing the bug
Online literature review guide	Benedict bender Benedict klimek	The reader types emerging from the Online survey are well defined and distinct	<ul style="list-style-type: none"> <li>• Surface overlooked work.</li> </ul>	It is very worst o
